PRESS RELEASE

Skilled Trades Fund was incredibly proud and honored to have Canadian business legend Frank Stronach be appointed as an Honorary Advisory Board Member earlier this year. Mr. Stronach has a history of success that spans many decades. He founded Magna International, which grew into one of the world's largest automotive parts manufacturers, created countless jobs and a profit-sharing plan with his workers.

Frank Stronach been an ardent supporter of promoting skilled trades training, and his views on the importance of increasing skilled trades training in our schools matches with the goals of the Skilled Trades Fund.

It is with sadness to hear of the recent legal issues surrounding Frank Stronach. Our thoughts are with the victims. May they find strength and peace as this news comes to light.

Skilled Trades Fund believes in the fundamental legal principle of innocent until proven guilty and we look forward to Mr. Stronach having his day in court.

Skilled Trades Fund is a registered Canadian charity providing scholarships to those studying the skilled trades in construction and educating the public about the extraordinary opportunities in skilled trades as a career path.
